3:15 Address, Mrs. Addie F. Howie, Milwaukee, Wis.

4:00 Address, J. A. English, Columbia, Ky.

Rev. J. R. McAfee, of Greenville, is visiting relatives here.

The prayer meeting service at the M. E. Church last evening was very interesting and a large congregation was present. Many took part, the features being talks by Rev. Jack Lynn and Col. W. A. Toombs. Everyone invited to attend.

Sabbaths in Ladies' Suits.

Coward's Busy Store.

Rev. Geo. C. Abbott will preach at a Library next Tuesday evening, everyone cordially invited.

## YOU'RE BILIOUS! LET 'CASCARETS' LIVEN LIVER AND BOWELS

Don't stay headache, constipated, sick, with breath bad and stomach sour

Get a 10-cent box now.

You men and women who can't get feeling right—who have a headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil.

Cascarets work while you sleep, cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will surely straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

## LUSITANIA PEACE TERMS

Agreement Establishing Precedents and Assuring Americans' Safety

Washington, Feb. 9.—Berlin today received a cable America's provisional acceptance of Germany's latest proposals on the Lusitania. America's acceptance will be made complete when the German foreign office substitutes a formal note for the informal memorandum presented by Ambassador Bernstorff last week.

The informal memorandum which President Wilson agreed would be acceptable, when made into a formal note, is held to concede practically every demand made by the United States and to assure safety of American voyagers. It is regarded, in effect, as a real disavowal of the sinking of the vessel. And, what the President considers even of greater importance, it forms a diplomatic precedent and a basis for international law regarding submarine warfare.

The poultry raisers of Earlinton are viewing with each other to see which hens will lay the most eggs. Many broods are producing a fine lot of eggs, much to their owners' satisfaction.

W. W. Hancock, one of the most progressive farmers in this section, still has a large supply of winess apples which have kept perfectly, owing to the methods used by Mr. Hancock in storing them. He estimates his orchard yield at 500 bushels.

Friends of Charles Bridges, the L. & N. engineer, will be glad to know that he will soon be on his run again, after having been off duty for several months.

Little Mary Alice Hamby, daughter of Mr. and Mrs. L. O. Hamby, who has been dangerously ill with pneumonia, is improving.

The members of the Knights Templar Lodge are looking forward to a banquet to be served on next Monday night at the lodge room. The dining hall has been newly papered this week and will present a very pleasing appearance.

## SOCIETY

To celebrate the anniversary of her birthday, Miss Mabel Browning gave an elaborate progressive Rock party Saturday afternoon. She was assisted in receiving by her mother Mrs. Browning and Miss Huffaker. After the guests had found their partners by drawing score cards, they were seated at the seven tables scattered throughout the spacious room of the Browning home. After a number of exciting games, the scores of which were kept by Miss Lena Davis, prizes, dainty, hand embroidered handkerchiefs were awarded Misses Sarah Crutchfield and Mary Smith. Pink and white, the color scheme of the afternoon, was carried out in the ices, cakes and mints. The invited guests included Misses Orrell, of Birmingham, Prentiss, of Morganfield, and Smith, of Fordsville; Heller, Huffaker, Atkinson, Victory, Long, Davis, Howard, Sisk, Lynn, Dudley, Spillman, Crutchfield, McElfratrick, Margaret and Elizabeth Kemp and Hazel, Lucy and Julia Fawcett, Meadames King, Trabern, Evans, Eggle and J. M. Sisk. Many beautiful gifts were received by the hostess.

Miss Dorothy Bramwell accompanied by Miss Aspel Prentiss, of Morganfield, spent the weeks-end with Miss Eliza Robinson.

Mrs. Ernest Newton was host of the B. D. E. Club on Wednesday. After the sewing was tucked securely into the sewing bags the hostess served a tempting salad course, adding much to the afternoon enjoyment.

Mrs. Sizemore gave a (500) party Thursday afternoon. At the conclusion of the games a salad course was enjoyed by Meadames Rule, Sisk, Southworth, King, Withers, Fish, Eastwood, Doyal, Sisk, DeShon, Cowell and Johnson.

What promises to be the most elaborate affair of the season will be the Valentine Party which the young ladies will give Saturday evening at the beautiful home of Miss Francis McElfratrick. The twenty girls and matrons are formed into various committees and are busily engaged arranging the final details. The lucky "swains" are looking forward to this affair with much interest and are no doubt secretly planning a novel method for repaying this charming courtesy extended them.

Miss Mary Smith, after a visit to Miss Agnes Lynn, spent several days with Miss Margaret Kemp at Oakmoor, returning to her home in Fordsville Monday.

A candy pulling was a novel feature of the Triangle Club entertainment when they met Tuesday evening at the home of Miss Margaret Dudley.

The attractive home of Mrs. David Cowell near South Railroad St. was thrown open to the members of the Needle Craft Club and several visitors including, Meadames Eastwood, Sizemore and Withers Wednesday evening. Mrs. Cowell and Miss Cynthia Watts gave several selections on the piano. Before their departure, a delicious luncheon was much enjoyed by the guests who voted this one of the most enjoyable of their evening together.

The Winnie Stewart Concert Company, which played here last week, played to a small but appreciative audience at Mortons Gap Wednesday night.

Mrs. McKenzie and children, of Owensesboro, will arrive the first of next week to visit Mrs. McKenzie's sister, Mrs. John Coyle.

Mrs. Mabel Browning, who for several years was popular saleslady for Cansler & Brown Bros., has resigned and will take a much needed rest.

Mrs. Robert Aspley and children and Mrs. W. G. Beckham, sister and mother of Mrs. L. V. Renfro, spent several days here this week.

Mr. and Mrs. W. W. Kington, who are spending their honeymoon in Florida, will be at home after March 10, at Mortons Gap.

Mrs. C. R. Bowman and children returned to their home in Evansville after spending a few days with Mr. and Mrs. J. B. Wyatt.

R. S. Hunter, lumberman of Dawson Springs, was here this week.

## MISS FREDERICK IS IN HOSPITAL

Improving—Will be off Duty For Several Weeks

### MISS WILLIAMSON

### WILL FILL PLACE

### TEMPORARILY

News from Louisville is to the effect that Miss Georgia Frederick, visiting nurse for Hopkins County Public Health League, is improving nicely in one of the hospitals of that city. Miss Frederick was quite ill of appendicitis early last week at Madisonville. Miss Fox, of St. Bernard Hospital, went to her relief Tuesday evening and brought her to Earlinton the next day. She remained in the hospital here until Sunday afternoon, when Miss Williamson, organizing nurse, came and it was arranged that Miss Frederick should go to Louisville and take a period of rest and treatment in preparation for resumption of her work in Hopkins County. An official of the local Health League has arranged with Col. L. M. Mau, secretary of the Kentucky Tuberculosis Commission, to have Miss Williamson return to this county to carry on for the present the work that has been laid out by the executive committee and Miss Frederick. This work includes as one of the chief features, a free clinic for trachoma patients, which will be opened at Madisonville within a short time.

Mrs. Ernest Newton was host of the B. D. E. Club on Wednesday. After the sewing was tucked securely into the sewing bags the hostess served a tempting salad course, adding much to the afternoon enjoyment.

Miss Margaret Dudley entertained the Triangle Tuesday evening at her home on Farren avenue. After the business of the club was transacted at the sewing hour, each member present was presented with an apron and plate of taffy, and instructed to pull. The most of it turned out beautifully and the club adjourned, having spent one of the most pleasant evenings of the season, to meet next Tuesday with Miss Hazel Fawcett.

Will Phillips and J. E. Fawcett left Wednesday morning for Louisville, Frankfort and Ravina, to be gone several days.

Mrs. L. W. Renfro was in Madisonville Wednesday afternoon.

Mr. and Mrs. Brent Hart, of Dawson, are in the city visiting Mrs. J. M. Victory.

Morton Victory, of LaGrange, Ky., is in the city for a few days.

Miss Jeannette Orrell left Thursday to visit friends in Providence for a few days.

Mrs. Chas. Barnett has returned from Evansville, where she has been visiting her sister.

Mr. and Mrs. Ray Cobb, of Mortons Gap, have moved to Earlinton, occupying a house near Railroad street belonging to the Crenshaw property. Mr. Cobb is employed as machine foreman at Arnold mine.

A kid on the corner can see more in five minutes than an adult can discover in an hour of rubbernecking.

Military preparedness is uppermost in the public eye, but the old eye is doing a deal of blinking.

General Villa has been killed so many times we can't see why the cuss don't stay dead.

## GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick, wavy, strong and beautiful

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few week's use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

### An Interesting Address

Tuesday evening 8th inst. St. Bernard Lodge No. 240 I.O.O.F. of this place, was treated to a lecture on Odd Fellowship by the past Grand Chaplain of the Grand Lodge of Odd Fellows of Kentucky.

Bro. Goodson, (who by the way is the Presiding Elder of the M. E. Church, south, in this district) gave us the most practical and instructive lecture that has been our pleasure to hear in many days.

We know a little about Odd Fellowship by experience and observation in Kentucky; but we had no idea of the beneficence and good influence the Order is exerting throughout the State of Kentucky.

The Lodge held an open meeting and an invitation had been given to the public to attend, and a considerable number of profane attended.

The lecturer, besides giving us a splendid history of the workings of the Grand Lodge of I.O.O.F. in Kentucky, and its two "Homes for Orphan Children" and "Indigent Odd Fellows" and their wives, is an orator of the first magnitude, and we recommend him heartily to the consideration of the citizens of Earlinton as a public speaker.

Time works wonders. It may even yet unearth a candidate or two for the vice presidency.

Need of Contrast in Beauty.

An essential prerequisite to all beauty is contrast. To obtain artistic effect light must be put in juxtaposition with shade, bright colors with dull, a fretted surface with a plain one. Forte passages in music must have piano passages to relieve them, concerted pieces need interspersing with solos, and rich chords must not be continuously repeated. This general principle will, I think, explain the transformation of the bygone useful into the present beautiful. It is by virtue of their contrast with our present modes of life that past modes of life look interesting and romantic.—Herbert Spencer.

Tea Seeds. Tea seeds resemble hazelnuts. They are sown in beds to grow thickly together like cabbages.

## BECAUSE HIS BUSINESS WAS WELL ADVERTISED

Letter Addressed to "The Well Digger Man" Brought Good Contract

Another proof that "it pays to advertise." The way a letter followed E. F. Dowdus from Madisonville to an address at his new place of residence some time after he had moved, proves the adage. The writer could not think of Mr. Dowdus' name but he knew that he drilled wells and a hole in the ground was what he wanted. So he addressed his letter to "The Well Digger Man, Madisonville, Ky."

This letter was forwarded to his new address, and—Dowdus answered and got a three thousand dollar job on the strength of it.

## BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" ends colds and gripe in a few hours

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing

### Government and Business

If the United States should be come involved in hostilities with another nation we have the necessary resources developed now, through private enterprise wholly, and in spite of governmental interference and repression. For instance the United States Steel Corporation now has capacity for turning out 20,000,000 tons of ingots, a production as large as that of all Germany. In addition we have several other big steel companies with enormous aggregate capacity. We have many big concerns manufacturing ordnance and various other war supplies, including Bethlehem, Republic, Midvale and other steel companies. American

### WOMAN 81 YEARS OLD

Made Strong By Vinol

Greenville, S. C.—"I want others to know of the great benefit I have derived from Vinol. I am 81 years old and Vinol has given me strength, a healthy appetite and overcame nervousness. It is the best tonic reconstructor I ever used."—Mrs. M. A. HUTCHISON.

Vinol is a delicious cod liver and iron tonic without oil, guaranteed to overcome run down, weak, devitalized conditions and for chronic coughs and colds.

St. Bernard Mining Co., Incorporated, Drug Department, Earlington, Ky.

Car & Foundry, American Car, American Locomotive, Baldwin Locomotive, Westinghouse Electric, and numerous others. The entire resources of all these highly developed manufacturing plants could be utilized for preparedness or defense. The two American continents, too, produce now a world's supply of copper, lead and zinc, not to mention those other more valuable metals, gold and silver, which have their place of high importance in peace and in war. Besides these are our great cotton and woolen textile mills, our great coal industry, hides and leathers, unlimited oil stocks and production, and, the foundation of all else, our great annual supply of grains and other food products. This is not boasting nor is it a spread eagle declaration of superiority over other nations. It is but a statement of facts now recognized by informed people of all nations. However, in peace or, if it must come, in war, we shall need for any great achievement, any great victories, a mutual confidence, a unanimity of action between the government and these various elements of our national economic life, including owners, operators and operatives in agriculture, in mining, in manufacturing, in banking and in general business.

### EXPERIENCE.

You can give other people your advice, but you cannot give them your experience. You can give them your remedy, but you can by no means give them its effect upon yourself. Perhaps this is just as well, since each is to live his individual life and make his own best achievement out of it.

### A Texas Wonder

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of bladder troubles, removing gravel, the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggists will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Send for testimonials from Kentucky and other States. Dr. F. W. Hall, 2928 Olive St., St. Louis, Mo. Sold by Druggists.

The Earliest Library.  
The earliest library was that of Nebuchadnezzar. Every book was a brick engraved with cuneiform characters.
